

MULTIPAIR DASHBOARD INDICATOR

INSTALLATION

- Copy the file MLD.ex4 into your Metatrader 4 indicators folder. It's usually located at **C:\Program Files\Meta Trader 4\experts\indicators**

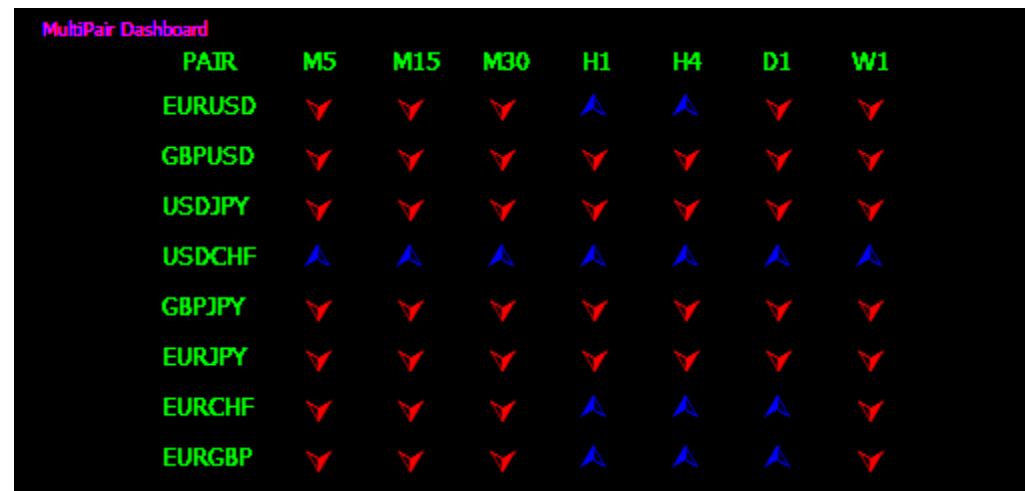

- Start Meta Trader 4 and from the top menu, choose Insert->Indicators->Custom->MLD or drag it from the Navigator Panel on the left hand side onto the chart window

How to use it

- The indicator will tell you the current trend of 8 different pairs in 7 different timeframes. You can use this indicator to confirm an entry point or to get a quick snapshot of the trend in many different timeframes

The image shows a screenshot of a 'MultiPair Dashboard' with a black background. It displays trend indicators for 8 currency pairs across 7 timeframes. The pairs are listed in green text on the left, and the timeframes are listed in green text at the top. Red downward-pointing triangles indicate a bearish trend, while blue upward-pointing triangles indicate a bullish trend.
